

Pump Rebuilding Services

Dedicated People, Quality
Products, and Above All, Service.

L&S Electric has more than 40 years of pump rebuilding expertise. Your other machining needs are met with our in-house machine shops and motor repair capabilities. Because our services are local, we can rebuild in days—not weeks. Our services are unmatched in the industry.

We Service the Following Pump Types:

- Horizontal
- Turbine, short set
- Centrifugal sludge
- Vertical
- Propeller
- Submersible
- Split case
- In-line
- Self priming
- Sewage
- Wastewater
- Motor mounted
- Vacuum

We Also Service the Following:

- Centrifugal blowers
- Gear reducers
- Gear motors
- Aerators and mixers
- Vertical hollow shaft motors
- Generators
- Gearboxes
- AC/DC drives and motors

Our Complete Services Include the Following:

- Pickup and delivery of repaired and rebuilt equipment
- Thorough inspection before repair
- New L&S warranty for rebuilt equipment
- Comprehensive, modern repair facilities that provide a wide variety of services, such as boring, machine sleeves, metal spraying, and epoxy coating
- Component part rebuilding and replacement
- Impeller and/or rotor balancing
- Available services after repair to maintain your equipment, including reliability and power services
- Emergency service 24 hours a day, every day of the year
