02/25/2014

**Job Title:** Machinist  
**Location:** South Shop  
**Shift:** 2nd

=====

**Job Summary:** Operate various machine tools to manufacture and repair mechanical assemblies.

---

**Essential Functions:**

- Record all data necessary to produce expected service and/or design results, including sizing and illustrations.
- Use measuring devices and techniques correctly to assure proper sizing.
- Perform milling operations such as drilling, tapping, boring, and conventional milling and lathe work, using various engine lathes (e.g. horizontal and vertical mills and horizontal boring mills).
- Perform various metalizing (metal spraying) techniques as needed.
- Understand materials and applications as required.
- Setup and perform broaching procedures.
- Use various hand-held and stationary power and non-power tools, including but not limited to: band saws, belt sanders, hand grinders, files, etc.
- Lift, tighten, adjust and/or secure heavy objects in order to perform work and/or to observe safety precautions.
- Observe all safety procedures and use proper protective gear.
- Able to work all hours necessary to complete the job.
- Able to perform all the essential job functions.

---

**Qualifications:**

- Preferred level of education/experience: high school diploma, plus some high school, trade school, vocational/technical school, military, or on-the-job machine shop training.

---

**Special Skills:**

- Basic mechanical aptitude.
- Ability to understand, perform and retain various job-related training and operational and safety procedures demonstrated by supervisor.
- Ability to work well with others in a team effort.

---

**Secondary Functions:**

- Keep work area neat and clean as directed by supervisor.
- Assist other machinists in department with skilled or non-skilled duties as directed by supervisor or shop manager.
- Assist other shop departments with skilled or non-skilled duties as directed by supervisor or shop manager.
- Perform other skilled or non-skilled duties as directed by supervisor.

---

**Working Conditions:**

- Work is performed at the customer jobsite as well as at L&S Electric facilities.
- Environmental conditions vary from facility to facility (i.e., heat, noise)
- Occasional lifting of heavy objects
- Uneven or slippery walking surfaces

If you or someone you know is interested in applying for this position please submit a written application to Marsha Wadzinski, HR Department, by March 3, 2014. Applications received after this date, or not in written form may not be considered.

L&S Electric is committed to providing Equal Employment Opportunities to all employees and job applicants regardless of race, religion, color, sex, age, disability, national origin, veteran status, sexual preferences or marital status, in any personnel action.
