

Gearbox Repair

Dedicated People, Quality
Products, and Above All, Service.

L&S Electric has more than 35 years of gearbox repair expertise. This and other machining needs are met with our in-house machine shops and motor repair capabilities. Because our services are local, we can complete repairs in days, not weeks. L&S Electric's repair capabilities are unmatched in the industry.

We Service All Makes and Designs Up to 20 Tons

- Large bearing inventory means short turnaround time
- In-house machining capability
- Seal surface rebuilding with stainless steel metal spray—more durable than a new surface
- Shaft journal rebuilding and bearing housing repair
- New shaft machining
- Gear manufacturing
- Factory-trained and experienced technicians

Capabilities

- Motorized pulley repair
- Oil analysis on-site service
- Failure analysis to prevent reoccurring failure
- 100-ton rolling table press
- Vibration analysis

Think Your Gearbox Requires Service? Know the Early Signs:

- Excessive noise
- Vibration
- Major leakage or loss of fluid
- Oil contamination

Leading Causes of Gearbox Problems

- Seal leakage
- Bearing failure
- Electrical fluting
